

## HIV PREVENTION AMONG MSM AND LGBTI PEOPLE IN ARMENIA

### PROJECT GOAL:

To contribute to HIV Prevention among MSM and LGBTI people through promotion of healthy lifestyle and awareness raising

### PROJECT ACTIVITIES:

- Oral mucosal transudate testing for HIV
- Provision of healthcare kits and educational-information materials
- Referral to RA National Center for AIDS Prevention in seropositive cases.
- A film-guide on how to do HIV testing with oral mucosal transudate rapid tests
- Social advertisements on HIV Prevention and the Importance of Testing
- Meeting-discussions on HIV Prevention with stakeholder organisations

### BENEFICIARY GROUPS:

MSM and LGBTI people  
Sex workers  
PWIDs

The project is implemented with the financial support of Elton John AIDS Foundation
